Brett O. Hall 4206 Lazy Creek Dr. Marietta, GA 30066 770-517-5991

The rejection of claims 23-26 is cited by the Examiner to be based on the recapture of surrendered subject matter. The rejection is unclear as the Examiner has not specifically stated the content of that subject matter. Respectfully, the Applicant does not concede to the recapture issue. However, with the present submittal the Applicant seeks to close the case.

The enclosed changes are believed to put claims 23-26 in condition for allowance. If any outstanding questions or issues remain please contact the Applicant as indicated below.
